

Our Story

A*starz Productions has been videotaping Keeshond National Specialties and some Regional Specialties since 1987. At the National Specialties, we have been the official video videographer. The last Kees National we covered was 2017. We have always provided a copy of our National videos to the parent club, Keeshond Club of America, and to the host club.

Our Videos and DVDs of National Specialties covered both the Regional and National for all classes from Sweepstakes, Futurity/Maturity, Sweepstakes, Regular Classes, Best of Breed with Selects/Awards of Merit, Veterans, Stud Dog, Brood Bitch and Brace. We also covered the Top Keeshond events since they started in 2008. At some Nationals we videoed Agility as well.

With the onset of "live streaming", our services were no longer deemed valuable to the keeshond community. People wanted to view the dogs "live". Live streaming, while it can be saved, shows the dogs from a much greater distance and there isn't IDing of the dogs. That means, since 2017, there is no historical record of the keeshond in motion at National Specialties.

NEW!

From time to time, we are offering "Historic Keeshond Videos".

One such DVD has just been completed in

March of 2024, it is the
